JCU Center for Career Services

"My name is Madison Silverman, and I am a senior at John Cabot University double majoring in **International Affairs** and **Art History**. Thanks to the JCU Center for Career Services, I had the opportunity to do an internship in the **communications** department at the **UNESCO Chair in Bioethics and Human Rights**.

During my time at the UNESCO Chair, I **managed its social media accounts** and I **edited publications**. I also **wrote two articles** called '**An Introspective into Dedicatory Days for Migrants and Refugees**' and '**How International Film Networks and Festivals Are Working to Promote Human Rights and Bioethics**,' which were published on the UNESCO Chair's website. This internship was incredibly enriching as it was my first experience working in an **international environment** and I had the opportunity to **practice my Italian, expand my skill set, and work with incredibly bright, caring, and friendly colleagues**.

I look back at my time at the UNESCO Chair very fondly and I would recommend this internship to any John Cabot University student interested in international affairs, humanitarianism and/or marketing and communications."
